District Director,
Immigration Service,

LEE KONG CHONG of this city has given notice of his intention to apply for form #430 and he states that he made two trips to China on papers made out in Chicago; the first trip was in 1895 and the second trip in 1901, both trips being via Vancouver, on a laborer's paper.

He is now 50 years old and states that he accepted a laborer's paper at that time because some one in his family was sick and he could get a laborer's paper quicker than to get a citizen's paper.

If you can locate any records in your office relating to these trips will you please forward them to this office to be used on his examination here?
